

## QHSE MANAGEMENT SYSTEM POLICY

AFNG-SMS-0028/04

**Finarge Apoio Marítimo Ltda**, a company engaged in the management of manned vessels for offshore support, establishes a commitment to the continuous improvement of its Quality Environment Occupational Health and Safety Integrated Management System, and has as its principles:

1. Promote all necessary efforts to preserve human health and safety, environmental protection and pollution prevention, sustainable development and process productivity and efficiency.
2. Promote improvement in decision making, based on addressing the risks inherent in the company's business and relationship management and meeting the expectations of customers and society.
3. Identify hazards and aspects, assess and manage the risks inherent in company routines and activities, to prevent and minimize environmental impacts and the occurrence of accidents.
4. Comply with legal and other subscribed requirements regarding the Hazards and Environmental Aspects of activities affecting operations.
5. Empower and develop its workforce, promoting efficient, environmentally responsible performance that preserves the health and safety of its employees.
6. Establish transparent communication with customers, suppliers, the community and other stakeholders.
7. Continuously evaluate this Policy at critical review meetings or when a significant change in Management System is detected.
